

AFIO NM CHAPTER -- JUNE 11 2014 MEETING NOTICE

TO ALL MEMBERS:

Please pardon this non-standard substitute for the monthly newsletter, but I am snowed under with last-minute preparations for a trip to the East coast (departing O-dark 30 tomorrow).

We have been fortunate enough to recruit a very interesting speaker for the upcoming meeting, and I urge all who are available to attend. Our speaker will be:

Prof. Frank Gilfeather, Director of UNM's Office of Strategic Initiatives and lead for their National Security Studies Program.

We have more than a passing interest in this program and its curriculum, and Prof. Gilfeather has kindly agreed to fill us in. We believe there is potential for constructive interaction with these folks, and ask you to attend with a view to evaluating that potential.

I look forward to hearing your reactions to what should be a great presentation.

Respectfully yours,

Pete Bostwick, Co-President
AFIO New Mexico Chapter
