

To All:

As a number of issues were discussed at yesterday's meeting regarding the planned event in June and many of you were either absent or had to leave prior to the conclusion of the meeting, as well as, to clarify in everyone's mind what was actually agreed to, I have prepared the following summary. If anyone disagrees with my recollections, please let me know ASAP.

- The event will take place at the Shrine Center on Friday, June 26<sup>th</sup> in lieu of our regular June meeting
- The meal will be a prime rib dinner (catfish as an alternate), including dessert and there will be an open cash bar
- The cost will be \$25.00 for all attendees – no differentiation for members vs. non-members
- AFIO-NM will cover the cost of the hall and personnel, including bar tenders. Any residual profit over the actual cost of the dinner vs. the ticket price will offset the cost to AFIO and then applied to our Scholarship Fund
- Invitations will be extended to all AFIO Members and Spouses, Shrine Members and Federal, Military, State and Local Agencies who under AFIO guidelines would be eligible for membership in AFIO.
- It **will not** be open to the public.
- Press Releases will be sent and any press who wish to attend will be required to apply for permission to attend. (details to be discussed later)
- There will be a forum relating to Mexico and our Border, which will be further defined and refined after consultation with forum participants
- Former Congresswoman Heather Wilson will be extended an invitation to participate in the forum and if she accepts will be presented with an award for her long service to the intelligence community and her Country
- Dick Callaghan will also be presented with an award for his service, including to AFIO

If I have misstated anything or left anything out, please let me know.
